

FAGOR ELECTRONICA, S. Coop

CERTIFICATE OF COMPLIANCE (TERRESTRIAL ANTENNAS)

This is to certify that all Fagor terrestrial antennas (VHF, FM, UHF) are in compliance with the standard IEC 597-3 referring to aerials for the reception of sound and television broadcasting in the frequency range 30 MHz to 1 GHz and in its part 3 refers to methods of measurement of mechanical properties, vibration and environmental tests.

The previous statement is valid only if the mounting was done following Fagor's installation instructions.

Warranty will be lost if the product is mishandled or modified without Fagor's permission.

Authorized signatory for Fagor Electronica:

A handwritten signature in black ink, appearing to read "José Mª Saiz", written over a horizontal line.

José Mª Saiz
TS Quality Manager
