

SECURITY & VULNERABILITIES

At Fagor Eelctronica, we are committed to ensuring the security and resilience of our products and software. We continuously monitor, assess and address potential security vulnerabilities throughout the product lifecycle.

Vulnerability Disclosure

If you believe you have identified a security vulnerability affecting one of our products or software, please report it to our security team.

Security contact:

[Formular](#)

When reporting a vulnerability, please provide, where possible:

- * Product or software name and version
- * Description of the vulnerability
- * Steps required to reproduce the issue
- * Potential impact
- * Any available proof of concept or supporting information

We ask security researchers and users to responsibly disclose vulnerabilities and allow us reasonable time to investigate and address the issue before publicly disclosing technical details.

ID	CVSS Score	Title	Creation date	Last update
